

QMA Website Tutorial

The QMA website is structured like many others, with a home page containing some main information that rarely changes, and menus for accessing other information. On a desktop or laptop computer the menu runs along the top of the page – hover over the menus to see their contents:

On a mobile device, the menu is accessed by a button with 3 horizontal lines.

In either case, you can access things like competition programs, results and upcoming events through the menu. On most pages, blue font colours and underlining indicate clickable links – for example, the full Brisbane Program is a blue link on the Brisbane Calendar page:

You can also search the website using the little magnifying glass icon at the top. Make your search as specific as possible to narrow the search results – for example: “2025 results” instead of “Results”:
